

Business Process Outsourcing

To remain competitive in an ever-changing economy, your organization requires focus on sales, production, and other core business. You can't afford to expend valuable time and energy on administrative tasks and transactions that could be handled by specialists. MPAY can provide solutions and services, tailored to your unique needs, to achieve results and maintain a competitive advantage.

Get the Most out of Your Workday

Our BPO solution will help you:

- Improve customer loyalty with process excellence.
- Drive revenue growth with new sales and higher productivity.
- Maximize operational and organizational efficiency with state-of-the-art systems.
- Integrate your business processes and applications.

MPAY Can Contribute to Your Success

Our knowledge and expertise can help you:

- Mitigate risk and liability. MPAY provides professionals (CPA's, CPP's, and FPC's) to handle payroll tax and accounting.
- Expand your business's accounting, marketing, implementation, and technical support staff.
- Protect clients' confidential employee and payroll data with secure data hosting and web transmissions, backed by audited processes (SAS 70 Type II) and insurance.
- Maximize your payroll system capabilities with a customizable platform and in-depth, personalized training.
